

Scottsdale Nursing & Rehab

is an 90-bed, 24 hr. skilled nursing facility located in beautiful downtown Scottsdale. We are proud to hold a 100% quality rating with the Arizona Department of Health Services. We provide an excellent quality of care through our highly trained interdisciplinary team to ensure individualized plans of care for each guest.

"I was so surprised when you came out to greet us, introduce us to a nurse and ask her to escort us to a room and also offer coffee and cookies. We have never been treated so kindly in a facility. You have a very nice facility with friendly, helpful employees. Again, thank you so much for your kindness."

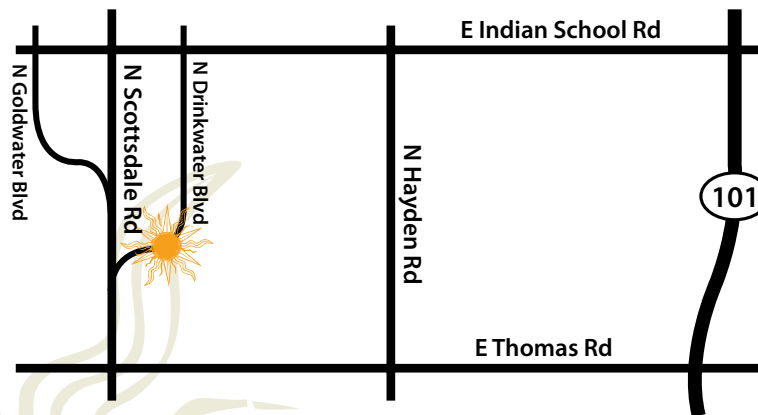

~ Dolly Blanton

"May God bless each & every one of you for your special talent (gift) of caring for the sick. You're the best!"

~ Allie F. Benson & Family

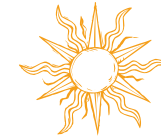

"I would like to say thank you. Everybody in the daytime is so nice and caring. They go the extra mile. You all take time out to make sure that the patients' needs are met. And I think that is very nice of all of you. So keep up the good work and keep your heads up high and know that someone is always looking out for you all. Continue to be there for one another. And remember to be mindful to one another and good things will happen to you all. Keep up the Good Work!"

~ Tina Rideau

SCOTTSDALE NURSING & REHABILITATION

PROVIDING EXCELLENT 24HR SKILLED NURSING
& COMPREHENSIVE REHABILITATION SERVICES

Striving for excellence in the delivery of health services, while being good stewards of our human and financial resources.

Nurturing those we serve in an environment that empowers them to attain their highest level of independence and encourages our partners to develop their full potential so that we may share our combined strengths for the good of others.

Respect the dignity and rights of others, we remain ever faithful to our goals of promoting the highest quality of life.

Compassionate to the needs of each individual, we take pride in our 'whole person' concept of care by responding with loving-kindness to the physical, emotional and spiritual needs to whom we render care.
